- When possible, this Web site will provide our customers with the means to make sure that their Personal Information is correct and current.
- We and our service providers use Personal Information to operate the site, to provide services, and to inform our customers of new features, services, and products.

Our customers should also be aware that information and data may be automatically collected through the standard operation of our internet servers and through the use of “cookies”. “Cookies” are small text files a Web site can use to recognize repeat users, facilitate the user’s ongoing access to and use of the site, and allow a site to track usage behavior and compile aggregate data that will allow content improvements and targeted advertising. Cookies are not programs that come onto a system and damage files. Generally, cookies work by assigning a unique number to each customer that has no meaning outside the assigning site. If you do not want information collected through the use of cookies, there is a simple procedure in most browsers that allows a user to deny or accept the cookie feature; however, you should note that cookies may be necessary to provide customers with certain features (e.g., customized delivery of information) available on this Web site.
